Objectives of Commercial Department

The commercial Department is the interface between the Railways and its customers, ensuring comfortable, safe and secure journey to its passengers. On Freight side it is looking after marketing and transportation of Goods.

It is also taking care of passenger amenities at the stations and maintaining friendly relation with the passengers and traders. The fixing of rates, fares and other charges and the correct collection, accountal and remittance of traffic receipts are also among its functions.

Public Grievance Cell

The functions of this Public Grievances Redressal Machinery is to redress the grievances received. These grievances may be from the general public or from the railway staff. The grievances that are received by the divisions are redressed by the divisions themselves and in case where policy matters are involved, are referred to the Head Quarter level Public Grievances setup for further disposal.

For registering grievances, Complaint Registers/ Complaint Books are available at Railway Stations, Reservation Offices, Booking Offices, Pantry Cars and in trains. These complaints are forwarded to the Sr.DCM/Public grievance cell on the same day the complaint is lodged. Every complaint received is registered, acknowledged and responded to, promptly. A detailed investigation is done before the complainant is addressed. In addition, the reply to the complaint is also pasted on the reverse of the page in the Complaint register.

Complaint Management System over the division is functioning in commercial controller office w.e.f. 03.02.2011 and daily position is being monitored and relayed to headquarter timely.

The names and address of the Officers dealing with the Public Grievances at Zonal and Divisional levels are given below.

Sh. Shaliendra Singh Rathore / Public Complaints Inspector
Commercial Inspector's Office,
Jodhpur Railway Station
Mobile- 9001198963,

Complaint may be also addressed to
Sr. Divisional Commercial Manager,
DRM's Office, Jodhpur.

Email - srdcmju@nwr.railnet.gov.in

Non Receipt Cell

The N.R. Cell is formed for un-connected parcels/luggage functioning at Divisional **Commercial Controller's Office. Any queries regarding un connected parcels/luggage could be made at Commercial Controller's Office in DRM's Office, Jodhpur**

1. Advance stacking of goods at railway premises may be permitted by Zonal Railways without levy of any charge for this purpose.
2. DRMs will notify detailed instructions for advance stacking of goods at stations on their divisions in accordance with the guidelines prescribed herein. Such instructions should inter-alia include names of stations/goods sheds where advance stacking will be permitted, number of days for which tacking can be permitted, type of commodities which can be stacked/restricted etc.
3. Divisions may specify different stacking periods for different stations, but in no case the stacking period will exceed five days.
4. Permission for advance stacking will be granted to such rail users only, who have indented for the wagons.
5. Rail users desirous of availing the facility of advance stacking, will apply for advance stacking inter alia mentioning the details of indent and giving an undertaking that the stacking will be done at their own risk and responsibility. No claims for loss, damage etc. arising out of stacking will be admissible.
6. Sr.DCMs in consultation with Sr.DOMs will be authorised to grant permission for advance stacking up to a maximum period of five days. Permission for advance stacking may be granted keeping in view the traffic pattern, availability of space etc. at the station/goods shed concerned. Advance stacking should not lead to hold up of other inward and outward traffic.
7. Records of particulars (e.g. date, time of stacking etc.) should be maintained in all cases where advance stacking has been permitted.
8. Wagons will be supplied against the registered indent only after expiry of the permitted time for advance stacking or completion of stacking, whichever is earlier. After supply of wagons, rules for levy of wharfage charge will apply.
9. Once advance stacking permission has been granted, cancellation of indents will not be permissible upto ten days from the first day of advance stacking. In case Rail User cancels the indent within aforesaid period, stacking charge will be levied for the whole period of stacking.
10. However, if a Rail user cancels his indent after ten days from the first day of advance stacking and the wagons have not been supplied till such time, no stacking charge will be levied. In such case, consignment should be removed within 24 hours of the cancellation of indent, else it will attract levy of wharfage charge for period beyond 24 hours of the cancellation of indent.
11. No stacking charge will be levied till the supply of wagons even if supply is not done immediately after completion of stacking or lapse of advance stacking period.(for instance, if stacking permission is given for four days and the wagons are supplied on 7th day from first day of stacking, no stacking charge shall be levied for 5th day and 6th day).
12. Stacking charge will be levied at the rates of wharfage charge, as prescribed and as amended from time to time.
13. Extant rules for waiver of wharfage charge will continue to apply in the case of waiver of stacking charge also.

Right To Information

An Act to provide for setting out the practical regime of right to information for citizens to secure access to information under the control of public authorities, in order to promote transparency and accountability in the working of every public authority, the constitution of a Central Information Commission and State Information Commissions and for matters connected therewith or incidental thereto

WHEREAS the Constitution of India has established democratic Republic;

AND WHEREAS democracy requires an informed citizenry and transparency of information which are vital to its functioning and also to contain corruption and to hold Governments and their instrumentalities accountable to the governed;

AND WHEREAS revelation of information in actual practice is likely to conflict with other public interests including efficient operations of the Governments, optimum use of limited fiscal resources and the preservation of confidentiality of sensitive information;
